

2009 Stimulus Energy Tax Credit

How can it benefit you?

Highlights from the American Recovery and Reinvestment Act of 2009:

- This incentive applies to consumers.
- The tax credit incentive period has been increased to 2 years through Dec. 31, 2010.
- The tax credit incentive applies to qualified remodeling products which improve energy efficiency of an existing home including the replacement of windows or doors.
- The tax credit has been raised from 10% to 30%.
- The maximum credit for windows and doors has been raised from \$200 to \$1500.

Who & What Qualifies?

- Homeowners that purchased qualified window or door products between Jan. 1, 2009 and Dec. 31, 2010.
- Only window and door product costs qualify for tax credit. Installation and labor are not covered.
- Window or door products U-Factor and SHGC (solar heat gain coefficient) are 0.30 or lower.

What Should Homeowners Do to Claim the Credit?

- Keep original sales receipt showing window and/or door product purchase price.
- Retain manufacturer's certification statement.
- File Federal taxes and claim credit. Consult with IRS; your accountant or a tax professional for details.
